PTA Cake Friday
3pm in the school hall

Wednesday 7th February

Brambles Parents Evening
From 3.30pm in the Brambles classroom
Please sign up in the main school reception

This Week's Learning

We have enjoyed looking at something special we brought in from home to share with our friends. We painted it and we made up our own story with it too!

Term Dates 2018-2019

Term dates for the next school year are now available on the school website.

Something Special

Loose Parts Play

The theory of loose parts has begun to influence child-play experts and playscape designers in a big way. It was first proposed back in the 1970's by architect Simon Nicholson, who believed that it is the loose parts in our environment that empower our creativity.

What are Loose Parts?

In a preschool, loose parts are materials that can be moved, carried, combined, redesigned, lined up, and taken apart and put back together in multiple ways. They are materials with no specific set of directions that can be used alone or combined with other materials.

Why not have a hunt for your own loose parts around your home or in the garden?

Don't forget to send Brambles photos of your creations!
