Week 3

Dear Families,

We used the investigation station with a few varieties of apples to observe. We sliced some apples into halves and quarters and provided magnifying glasses to help children look more closely at the seeds. We cut around an apple picture, drew our own apples and created apples with playdough.

Apples

**Home Learning:** Every parent wants their child to have healthy teeth, but it can be difficult to know what to do to make sure this happens, especially in the early years. Children's teeth are more prone to decay than adult teeth, and so it's important to establish good habits early to avoid the distress of tooth decay. The good news is that by following a few simple steps, tooth decay is almost entirely preventable. ## Learning Goals:

**Term:** Autumn One      **Interest:** Apples  
**Texts:** Apples for Everyone by Jill Esbaum  
How to make an apple pie and see the world by Marjorie Priceman

The children have learnt about apples this week and explored the different parts of an apple. They have also learnt that apples are fruit which are ripe and ready to be eaten in the autumn. Apples grow on trees and start off from flowers. Apple trees are covered in white blossom in spring. There are over 7000 different types of apple around the world. In the UK we have around 2500!

**Our key words this week were:**  
Apple, seeds, core, sapling, bud & blossom

**Pre-school snacks are:**  
Apple juice and apple crumble

## Reminders:

Please make sure your child has a jumper and coat at drop off time even if they are not wearing it as the weather is now getting much cooler.

Please ensure all clothing and items that come to Brambles are named - thank you.
