Reminders

Next week, it is Red Group's turn for "Marvellous Me".

The school and the pre-school have the same policy for jewellery and make-up; they may not be worn. The only exceptions are watches, studs for pierced ears and medical alert bracelets. A number of children are wearing necklaces/bangles or charity wristbands but these should be kept at home please.

Carpet Time

Stories: An Amazing Alphabet of Cake

Song: Make a new friend

Rhyme: 5 currant buns

Focus: Number 14, rectangle and green

Upcoming Events

Friday 25th May

Last day of half term

Monday 4th June

School and pre-school re-open

Friday 15th June

Leavers' trip

Friday 13th July

Leavers' Celebration

This Week's Learning

Pink Group have had very varied items brought in for their Marvellous Me: art work, superheroes and cakes!

Talking of cakes, the pre-school children had fun on Wednesday when Lianne came in to demonstrate how to decorate cakes and the children all had their own cake to have a try. Lianne is a local cake maker who gave up her time freely to teach the children, and Brambles would like to say a big thank you.

Something Special

Build a boat challenge

STEM stands for science, technology, engineering, and mathematics. STEM is important because it pervades every part of our lives. Science is everywhere in the world around us. Technology is continuously expanding into every aspect of our lives. Engineering is the basic designs of roads and bridges, but also tackles the challenges of changing global weather and environmentally-friendly changes to our home. Mathematics is in every occupation, every activity we do in our lives.

Why not design a boat that floats? Draw your boat first and talk about shapes and sizes. Look at pictures of real boats. Collect what you need to make it, think about how will it stick together? Make your boat and see if it sinks or floats. Do you need to make any changes? Don't forget to take a photo to share with pre-school!
