# Middle Phase Remote Learning

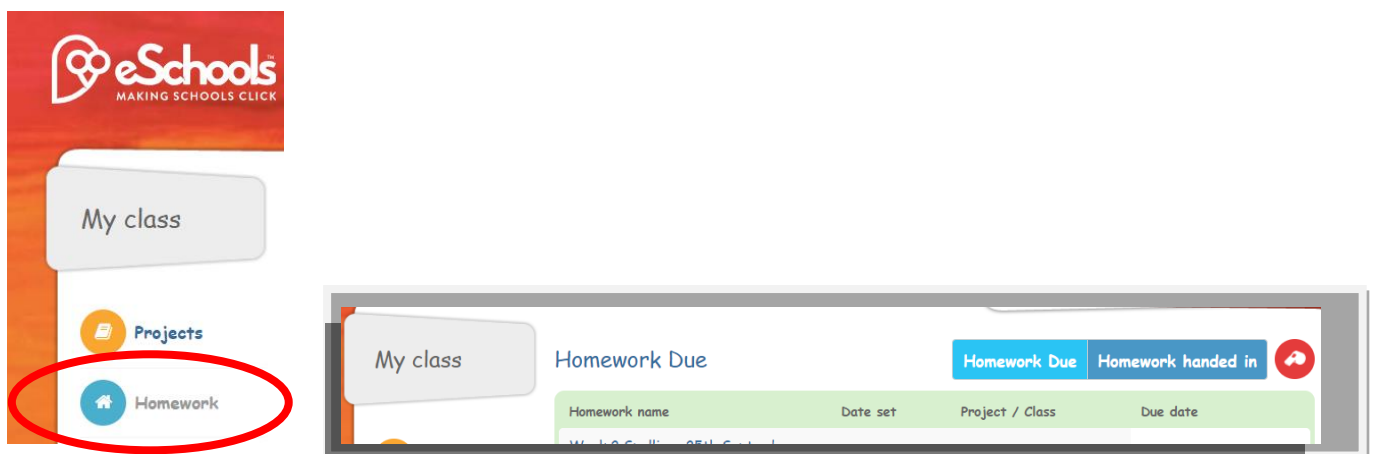

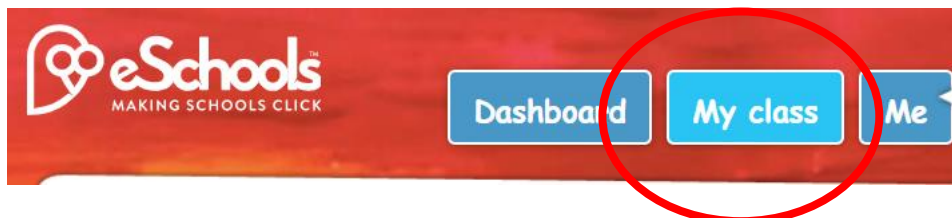

## What is remote learning?

Remote learning is learning from home when children cannot be at school because of Covid-19.

## What will remote learning look like?

Your child can access the home learning activities using their STARZ account login @ <https://brampton.eschools.co.uk/login>

Here they will find a lot of useful web links on the home page. Go to 'My class' to find the distance learning activities in the 'Homework' section.

## Which activities does my child need to do and when?

Your child will be provided with activities within *Homework* section of STARZ. They may also be signposted to resources online such as TT Rockstars. Please encourage your child to access these regularly.

If your child has a *Nessy* account he/she should also access the reading and Spelling activities for 20 minutes each day.

Each day your child should complete the work that is set. Please look at the weekly timetable below for guidance.

### **Friday 'Your Choice'**

You will find lots of fun websites to extend your child's learning with links to different websites on the STARZ class pages. There are a wide range of subject areas and activities for your child to enjoy, including Scratch, Language Angels, AR, Ten Pieces Music, CBBC, Go Noodle and Cosmic Yoga.

Your child will be able to submit work by uploading documents, videos or photos for the class teacher to review. This will then show as 'submitted'. Once received by the teacher the work will show as 'completed'. Please note that children may be asked to submit work via the messaging system in STARZ. In this case, instructions will be given when the activity is set.

### **Reading**

Each day your child should read for 30 minutes as per the timetable above. The children will still have access to the AR system to allow them to complete regular quizzes. There will also be a weekly comprehension exercise for your child to complete to ensure that they are reading regularly.

Your child now has access to the Collins Big Cat e-library and has been assigned a range of books, many of which are on the AR quiz system.

## **Maths and English**

Maths and English activities will be provided in daily folders. This will include video lessons and a variety of activities to complete. All links and instructions will be provided via the *Homework* section on STARZ.

## **What if my child cannot do all the work that every day?**

Our aim is to provide you with four hours' worth of work a day. We understand that sometimes family members may be unwell, working from home or for other reasons it may not be possible to complete everything provided. This is OK. Just do as much as you can, when you can.

## **Where should my child work and who will see it?**

Children can choose to work digitally or on paper if this is preferred. We would ask that digital work or photos of paper-based work be uploaded in the *Homework* section or via messaging as instructed. Your child's teacher will be able to access submitted work and give feedback where appropriate.

## **What if my child gets stuck or does not understand what to do?**

The teachers will be available for year 3 children via a Zoom meeting daily from 11 to 11.30 pm and for year 4 children from 11.30 to 12noon. A link will be sent for the meeting and the children will be admitted to the meeting at the appropriate times. Please note Zoom protocol should be followed i.e. children should be suitably attired, siblings should not be joining in etc.

## **What if I cannot print the activities?**

You can request a printed work pack by sending an email to [closure@brampton.cambs.sch.uk](mailto:closure@brampton.cambs.sch.uk), but you will need someone who is not isolating to collect it as soon as possible. These packs do take time to prepare so we would appreciate it if you only request one if you cannot print or do not have a device to access the resources online. Please ensure that the packs are collected if requested.

## ***Parents please contact us via class email if you have any questions.***
