## Headteacher's notes...

It has been great to see so many wonderful examples of the children's work this week from across school, including letters to Greenpeace, some very complicated number work and lots of enthusiastic participation in PE lessons. It has been noticeable that the children have started to get tired more quickly each week but this is understandable as they get back into the routines of school and concentrate on their learning. It is evident how much many of them did with you whilst the school was closed so thank you for all your hard work.

There is continued speculation about what may happen in the future and we are making preparations for remote learning should the need arise. Thank you to all those who have completed our survey - we have had over 220 responses. Your continued support is much appreciated at this time in keeping everyone safe.

Part of our Covid Risk Assessment includes the need to keep windows and doors open as much as possible for increased ventilation. We will do this even with the heating on and as the weather turns colder so please make sure that the children have appropriate clothing at all times.

## Parent Consultations

A separate letter has been sent home about the consultations which will take place before half term.

## School Photographs

School photographs took place on Thursday 8<sup>th</sup> October, the proofs will be sent home on Monday 12<sup>th</sup> October. Please place orders for these directly online as we are unable to accept order forms at the office. You may choose to have your completed order delivered to the school.
