Headteacher: Mr Peter Allen

Year 1 Summer Term 2023 Curriculum Letter

Dear Parents/Carers,

We are so proud of how hard the children have been working and can see such amazing progress already. We look forward to another busy and exciting term with the children.

Topic Focus	 Amazing Animals!
Subject	<i>Main Learning Focus</i>
English	<p>In phonics the children will be revising phase 3, 4 and 5 - ready to sit the phonic screening. In English the children will be looking at a variety of texts relating to our "Amazing Animals" topic. The children will continue to focus on using the writing tool kit to form sentences and their phonics knowledge to write independently. We will be writing short narratives and a recount. We will also be teaching some spelling rules for some of the words that are not phonetic.</p>
Maths	<p>In Maths the children will be introduced to brand new concepts relating to multiplication and division. We will be exploring how to make equal groups and how these can relate to arrays. They will be introduced to division by using sharing and grouping methods. After this, the children will be learning about fractions, focusing on finding a half and a quarter of a shape and amount. After the half term the children will be learning about time (half past), position and direction within shape and place value within 100.</p>
Science	<p>The children will learn about some of the different types of animals (mammals, amphibians, reptiles, birds and fish). They will be learning to identify and sort these animals and recognise their key features e.g. A bird has wings, a beak and feathers. They will learn that some animals are carnivores, herbivores or omnivores. They will identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.</p>
RE	<p>The children will be learning about Christianity and finding the answer to the question; Why is the Bible special to Christians? The children will get to explore and learn different stories from the Bible including stories like 'Noah's Ark'. Later on we will be exploring some 'Big Questions', including: What do Christian and Jewish stories tell us?</p>
Computing	<p>We will be completing a unit on digital writing in which the children will become more familiar with the various aspects of using a computer to create and manipulate text. They will become more familiar with using a keyboard and mouse to enter and remove text. They will consider the differences between using a computer to create text and writing on paper, and be able to explain which method they prefer and their reasoning for this.</p> <p>The children will be introduced to on-screen programming through ScratchJr. They will explore the way a project looks by investigating sprites and backgrounds. They will use programming blocks to use, modify, and create programs. They will also be introduced to the early stages of program design through the introduction of algorithms.</p> <p>We will continue to discuss and learn about E-safety (staying safe online).</p>
PSHE	<p>We will continue to have regular circle times and opportunities to discuss worries and answer questions. We will be following the Cambridgeshire Scheme for PHSE beginning with the units; 'Healthy and Safer lifestyles – Managing Safety and Risk' in Summer 1 and 'Healthy and Safer Lifestyles – Healthy Lifestyles' in Summer 2.</p>
Art and DT	<p>In art, the children will be learning about the artist Edward Tingatinga and how he used colour to create art inspired by the landscape and wildlife of his native Africa. We will also be continuing to develop our skills when using different media such as oil pastels, paint and pencil.</p> <p>In DT, the children will be learning a simple running stitch to create their own hand puppets.</p>
History and Geography	<p>Through our topic of 'Amazing Animals' the children will learn where in the world are the hot places and where are the cold places. We will take a closer look at Antarctica and the Savannah and find out which animals live there. The children will be introduced to the vocabulary 'Human and Physical features' and see which features they can find in different places. In the second half-term we will be learning simple map skills.</p>

Music	In the summer term we will be playing songs through the use of boom whackers. Children will be introduced how to reach letters based on the pitch of the note and play to a steady beat. Later in the term we will be exploring the different instruments in the music room and creating our own group composition to form a band based on the story Starry Eyed Stan.
PE	In P.E. we will be focusing on teamwork and cooperating together through a range of multi-skills activities and challenges. We will be continuing to develop our core skills of agility, balance and coordination. We will also be learning country dancing and hope to share this with you later in the term at our summer fair.

Important Dates

Library Trip (1 maple and 1 beech)	Wednesday 14 th June
Library Trip (1 willow)	Wednesday 21 st June
Hammerton Zoo Trip	Tuesday 20 th June
Library Trip (1 willow)	Wednesday 21 st June
Sports Day	Friday 30 th June

All updates can be found on the weekly newsletter.

Home learning

Thank you for all your help and support with completing home learning tasks in the spring term, we have been so impressed with the quality of work that has been handed in. We will continue to set home learning tasks on the dates given below for children to complete in their home learning books.

Sent Home	Due in
21 st April 2023	3 rd May 2023
5 th May 2023	17 th May 2023
19 th May 2023	7 th June 2023
9 th June 2023	21 st June 2023
23 rd June 2023	5 th July 2023

Please remember to contact your child's class teacher if you have any difficulties finding or completing the home learning tasks.

Reading

Please encourage your child to read regularly at home. The ideal is between 4 - 7 times per week. The children will continue to progress through the phonic sets 1-15+ and then the colour bands. The children will continue to be able to change their books on a **Tuesday and Friday** each week, they must remember to bring in their book on these days if it is finished. If your child finishes their book before they are able to change it on a Tuesday or Friday, please encourage them to read it again as this helps with fluency and expression. Children could also be reading other books from home and recording this in their reading diary as this gives children the opportunity to read for pleasure.

Reading Diaries

Please complete the reading diaries each time you read with your child. When your child reads 4 times and completes a page in their reading diaries they will earn a sticker. You only need to record a maximum of 5 reads per week even if they have read 6-7 to allow one page per week. When ten stickers have been earned your child will be given a reading certificate at the end of half-term assembly.

After half-term we are able to welcome back parent volunteers. Year 1 are eager to have extra 1:1 reading sessions in the afternoons for some children. If you are able to volunteer to help with this then please contact your child's class teacher.

Parent Volunteers

If you would like to volunteer, preferably in the afternoon, please contact your child's class teacher so a DBS check can be completed.

PE days/kits

This term we will continue to have two PE lessons per week on **Mondays and Wednesdays**. They will need to wear suitable outdoor PE clothes on these days. Please ensure that long hair is tied back and that no earrings are worn on these days.

PE school uniform:

- Plain white t-shirt
- Plain navy/black jogging bottoms or shorts
- Plain navy/black jumper or their normal school jumper
- Trainers

Contacting your child's class teacher

If you have a message for your child's class teacher then please email the **school office** and they will pass the message on; office@brampton.cambs.sch.uk

Don't forget...

Monday	Wear PE kit to school
Tuesday	Bring in reading book to swap for a new one and reading records
Wednesday	Wear PE kit to school (Homework books when due in)
Friday	Bring in reading book and reading for pleasure book to swap for a new one

Children need to have a named water bottle in school **every day**.

Please remember to name all items of clothing worn to school, especially removable items such as jumpers, cardigans and shoes so that they can easily be returned to their rightful owners. Unnamed items that have not been claimed by the children will not be kept.

Year 1 Phonic Screening

This year the children will be sitting the National Phonic Screening Check during the week beginning 12th June. The children will be asked to read a set of words, some real and some alien. We will be sending some practise words from past previous past on the fortnightly home learning so you can see the sort of words they will be expected to read.

Thank you for your continued support and co-operation,
Miss Ross, Miss Dearnley and Mrs Slater
