Robins

**Week 18** 18-22<sup>nd</sup> Jan  
Moss

**Home Learning:** Collect  
twigs and put them in  
order of length

*Dear Families,*

For this weeks nature walk we went for a wellie walk to look out for robins and other birds. We really enjoyed splashing in the muddy puddles.

We have enjoyed lots of natural loose parts play to create pictures.

*Sincerely,*

Miss Hayley

## Learning Goals:

**Topic:** 'Winter' **Main Text:** Robins Winter Story

*Our learning this week has been about the changes in seasons and how different it looks from when we started in Brambles in Autumn. We have been looking at the changes in the trees outside on the green and the weather.*

For snack this week we nibbled on berries (Blueberries, Raspberries and Strawberries) and voted on which was everyone's favourite and linked it to how robins eat berries but not the ones we eat.

## Reminders:

For those at home, activities are posted on Facebook daily.

Closing date for applying for a school place is Friday 15<sup>th</sup> Jan.
