Friday 5th April

Last Day of Term.

Monday 8th – Tuesday 23rd April (inclusive)

Brambles Closed for Easter holiday.

This Week's Learning

We have enjoyed looking at something special we brought in from home to share with our friends. We painted a picture of it and we made up our own story about it too! We also enjoyed role playing as kings, queens, princes and princesses and creating our own castles.

Something Special

Loose Parts Play

The theory of loose parts has begun to influence child-play experts and playscape designers in a big way. It was first proposed back in the 1970's by architect Simon Nicholson, who believed that it is the loose parts in our environment that empower our creativity.

What are Loose Parts?

In a preschool, loose parts are materials that can be moved, carried, combined, redesigned, lined up, and taken apart and put back together in multiple ways. They are materials with no specific set of directions that can be used alone or combined with other materials.

Why not have a hunt for your own loose parts around your home or out in the garden? Don't forget to send Brambles photos of your creations!
