This Week's Learning

We have been learning all about the role of the farmer through the book Farmer Fred. We played a 'who am I' game to see which animals live on the farm. We spoke about the life cycle of a chicken and talked about where our food comes from as well as learning the name of baby animals. We had lots of crafty fun with mud and tractors, made animal shapes with our bodies during yoga mini moves and learnt how to build fences for the farm with construction toys and then use our maths skills to separate the animals in different ways but know we still have the same number of animals,

Something Special

Pool Noodle Hacks for Kids

With all this wonderful warm weather (hopefully to stay) why not have some fun in the garden with a pool noodle? They are available at the 99p store and Poundland (other stores are available).

Last week we made ours into fire hoses, see what fun things you can make together and play with your noodle/noodles.

Don't forget to bring it in or take a picture and send it in for us to share with the class!
