PTA Bingo

Friday 31st March
Non-uniform Day

This Week's Learning

This week we have been learning all about frogs and their life cycle, we discovered that frogs are amphibians and that they can live in water and on parts of the land.

Miss Hayley brought some tadpoles in for us to observe, and all of the children have enjoyed watching the tadpoles emerge from their frogspawn. We will be returning our friends back to their natural environment on our weekly walk.

There have been some wonderful frog cycles created this week by our Pre Schoolers and they have shown some fantastic scissor control.

Our number of the week: 4

Our key words: Frogspawn, tadpole, froglet, frog, pond and metamorphosis.

Something Special

Brambles children have been creating something special this week and they have all been very excited to share them with their special people.

We hope that you all have a wonderful Mother's Day.
