Monday 3rd June
Brambles and BVPS closed for Teacher Training

Tuesday 4th June
Back to school for the last 7 weeks

This Week's Learning

Yellow Group shared their "Marvellous Me's" and they were amazing experts! The children have all really enjoyed proudly sharing their knowledge and expertise at something they enjoy doing and feel that they are good at with their friends. The children have also painted some super self portraits and explained why they are special this week.

Something Special

5 Different Activities for 6 lines of tape!

Use tape and make lines of tape about a foot apart from each other.

- 1. Jumping.** From the first line see how far they could jump. Also jump from line to line, or skip a line. Try jumping backwards!
- 2. Jump with one foot.** We have been practising this at pre-school a lot, so it is fun to bring it into this activity. They may need to hold your hand.
- 3. How far can you stretch?** Starting with your foot on the first line, see how far you can stretch with your other foot while keeping your first foot in place.
- 4. How far can you reach?** Start by standing on the first line and then bending over to touch the next line with your hands. Then walk forward *with your hands*, seeing how far you can reach.
- 5. How long are you?** Measure yourself by laying down and see how long you are.
