NEWSLETTER

Week 14

Dear Families,

Wintery dried fruit salad with warm cranberry juice was enjoyed for snack this week.

This week we went for a walk to look for signs of winter. We used the leaves we collected and hole punches to make natural confetti.

Week 14 7-11th Dec

Week 15 14-18th Dec

Home Learning:
What is hibernation? Do we hibernate?

Sincerely,

Miss Max

Learning Goals:

Topic: 'Winter' **Main Text:** The Wish Tree

We collected leaves on our walk and learnt how to make imprints of the leaves in the playdough. We also made winter tree pictures.

We used maths skills to count and measure trees and branches.

On our nature shelf we displayed and talked about the natural items that we had found during past experiences.

Reminders:

Letters & Sounds Phase One is embedded in every session at Brambles.
