

Good Afternoon,

As you are aware our reception bubble has closed and we will now move to remote learning **until the 24th of November.**

In order for us to communicate effectively between home and school there are a number of channels of communication which will be available to you. (Please see timetable below)

Zoom Video Chats- each day your child will be invited to attend a zoom video chat with their class teacher where they will either be given an explanation about something, set a challenge or read a story. Links for zoom chats will be emailed directly to you. Please ensure that your child's name appears so that their teacher will know to let them in from the waiting room.

'Evidence Me' App- you should now have received an email invitation to join? We have used the most up to date email addresses on the system in school so please do let us know if you haven't received one or if your email address has changed.

Through this app you will be able to access videos containing messages from your child's teacher each day and short lessons.

There will also be activities and documents that you will be able to download and print off to do with your child.

As much of your child's learning will be of a practical nature you will also be able to take photos and videos of your child and upload them through the app onto a 'parent postcard' to share with their teacher.

Please be aware that teachers will be checking word between 2 and 3pm each day so you may not receive a response until after then.

Email- Please use reception@brampton.cambs.sch.uk to contact us. Please be aware that this email will be checked daily but you may not receive an immediate response.

Packs- if you are having difficulty accessing things online or require exercise books or printed work please contact the main school office where a pack can be left for you to collect.

Please do let us know if you require any further support for information.

Best Wishes,

The Reception Team

Reception Remote Learning Timetable - Wednesday 11th Nov – Wednesday 18th Nov

|---------|-------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------|--------------------------------------|--------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Busy Learning Choice activities pre-records available on Evidence Me. Tasks set.

- 1) Fine motor activity - Make a space necklace using pasta and string
- 2) Craft activity- Make a junk model rocket (You will need- toilet/ kitchen roll, yoghurt pot, paper, glue, cello tape, pens or crayons.)
- 3) Gross motor skills – physical- Teddy pretends to be play on the moon. He can jump, hop, skip etc
- 4) Expressive arts/ imagination – Role- play having a picnic on the moon like Teddy in ‘Whatever Next!’.
- 5) Phonics activity- Guided Reading a picnic list. Sounding out and blending CVC words.

Opportunities for you to share your child’s work or activities are highlighted in Yellow. We will look at these and give feedback.

In the afternoons please choose 3 busy learning activities from the list provided (Pre-recorded lessons on Evidence me) per week and upload onto Evidence me for us to see.
