

Do you fancy some fun science activities to try?

The STEM website and Kew Gardens both have some exciting activities to try while you are learning at home.

I've added some links for their websites.

<https://www.stem.org.uk/home-learning/primary>

<https://www.kew.org/learning/endeavour>

There are also lots of zoos and farms who have set up live cams so you can check in on the animals and some are offering other home learning activities.
