# Upper Phase Remote Learning

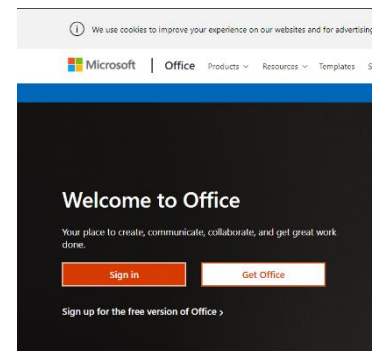

Spring 2021

## What is remote learning?

Remote learning is learning from home when children cannot be at school because of Covid-19. This will be a combination of independent and teacher led tasks through video calls on Microsoft Teams.

## What will remote learning look like in Upper Phase?

Your child can access the remote learning activities using his or her Microsoft 365 account. Navigate to [www.office.com](http://www.office.com) in any browser (or search for office 365) and select *Sign In*. Your child been assigned individual log in details which will have been stuck into their Reading Logs. If your child does not have this information please contact the class teacher via the following email addresses (at the end of this letter) to request the login details.

All of the children's remote learning resources can be accessed within the *Content Library* of the *Class Notebook* which can be found in the *One Note App*. Further information can be found in the '*Remote Learning Instructions 2021*' document on the school website.

## Which activities does my child need to do and when?

Below is a timetable of daily learning. Each day the children will be expected to join a video call at 10am (highlighted in orange).

		Video Call 10am						
Independent		5 mins	45 mins	Independent		30 mins	Independent -suggested activities	
Monday	Maths Daily task	Registration	English lesson	Break	English Focused Task	Lunch	Reading/ AR 20 mins / Spelling (quizzed)/ TTRS	Topic – Ancient Egypt
Tuesday	English daily Task		Maths lesson		Maths Focused Task		Cross-curricular Activities – 80 Days Around the World	
Wednesday	Maths Daily Task		English lesson		English Focused Task		PE Yoga, Joe Wicks, walk, run, bike	
Thursday	Reading Comprehension.		Maths lesson		Maths Focused Task		Computing: Code.org Touch Typing	
Friday	Maths Daily task		Friday Round Up		Science – Human Body		Other creative activities such as drawing, baking or painting.	

All resources will be available on dated pages the *Content Library* under the *English, Maths and Creative tasks* sections.

Each day your child should complete English, Maths as well as other activities such as topic, creative projects or Science. In the *Content Library* within the *Class Note Book* you will also find a page of links including code.org, TT Rock Stars and Touch typing. Please encourage your child to access these regularly. If your child has a *Nessy* account he/she should also access the reading and Spelling activities for 20 minutes each day.

*Please ensure that work is not completed before dates indicated wherever possible.*

### **Reading**

Where possible, each day your child should read a book for 20 minutes. The children will still have access to the AR system to allow them to complete regular quizzes.

Your child now has access to the Collins Big Cat e-library and has been assigned a range of books, many of which are on the AR quiz system.

### **Maths and English**

Maths and English activities will be provided each day. This will include teacher led activities following video calls throughout the week. Please note video meeting protocol should be followed i.e. children should be suitably attired, siblings should not be joining in etc.

### **What if my child cannot do all the work that every day?**

Our aim is to provide you with four hours' worth of work a day. We understand that sometimes family members may be unwell, working from home or for other reasons it may not be possible to complete everything provided. This is OK. Just do as much as you can, when you can.

### **Where should my child work and who will see it?**

Class teachers have shared 3 Word documents to your child's Office 365 account online. An English, Maths and Creative (all other subjects) document. Where possible, we would ask that the children work in these documents or share their work by photographing it and inserting into the documents as this will allow teachers to access and feedback on completed work.

Further information is available on the '**Remote Learning Instructions 2021**' document on the school website.

### **What if my child gets stuck on his/her work or has a question?**

The teachers will be available (providing we are well) through the Class Team post or via the class email address **during school hours**. They will get back to you as soon as they can.

### **What if my child cannot access the online content or I cannot print?**

You can request a printed work pack by sending an email to [closure@brampton.cambs.sch.uk](mailto:closure@brampton.cambs.sch.uk), which can be collected from the school. These packs take time to prepare so we would appreciate it if you only request one if you cannot print or do not have a device to access the resources online.

***Please contact your child's teacher using the class email if you have any questions.***
