Week 39

Dear Families,

We explored what a storm is and our feelings around when it's stormy outside.

A thunder instrument was the curiosity object this week and there was lots of discussion about what it could be and what it's used for.

Week 39

21st June - 25th June

Storms

Week 40

28th June - 2nd July

Grasses

Home Learning: Have a try at making your own storm in a jar:
https://www.youtube.com/watch?v=B_LW6lgIX7M

Sincerely,

Miss Sallie

Learning Goals:

Topic: 'Summer' **Main Texts:** 'Thunderstorm Dancing' by Katrina Germein & Judy Watson and 'The Storm' by Akiko Miyakoshi

We learnt this week that the combination of water and electricity passing through clouds produces lightning. The electric boom of lightning heats up the atmosphere, causing the noise called thunder. We need two conditions for thunderstorms to happen: the air near the Earth's surface must be warm and moist (with lots of liquid). Storms can cause a lot of damage in the environment.

Reminders:

Please let us know when your child's last day will be and if you will be attending the drive by. Please let us know by emailing Brambles@Brampton.Cambs.sch.uk by Friday 2nd July.

Monday 19th July:
Surprise visitor to Brambles for some fun and treats for those who usually attend on a Monday only.

option 2

Miss Sallie made some thunder cake for us to try just like the one in the story called 'Thunder Cake' by Patricia Polacco that we saw on the screen after lunch.
