NEWSLETTER

Week 26

Week 26: 22nd - 26th March.
Beetles.

Week 27 and 28: Monday
29th March - Friday 9th April.
Easter/ Spring Break.

Home Learning: Enjoy being
at home together and hopefully
some super spring weather.

Dear Families,

On this week's nature walk we
enjoyed going on a beetle hunt.
We looked under piles of wood, in
and around tree stumps and in
wood chip areas.

We used our fine motor skills to
scrunch up tissue paper before
sticking onto the paper to make
beetle pictures.

Sincerely,

Miss Max

Learning Goals:

Topic: 'Spring' **Main Text:** 'A Beetle is Shy' by Dianna
Hutts Aston

This week we have learnt that beetles usually have two
pairs of wings; a softer thinner pair and then a harder
pair over the top that acts as a protective case. They
have 6 legs with claws at the end that they use to help
them grip when they climb. They come in all different
sizes from the size of a full stop to the worlds largest
beetle which is 6.6 inches and found in the Amazon
Rainforest.

For snack this week we
tried new potatoes with
fresh mint and butter.

Reminders:

*Wishing you all a brilliant
break.*

*Happy Easter to our
families who celebrate it on
Sunday 4th April.*

*Easter/Spring Break is
Monday 29th March until
Friday 9th April.
Teacher Training day and
Brambles closed on Monday
12th April.*

*Brambles reopens on
Tuesday 13th April.*
