Week 25

Dear Families,

Winter officially ends on Sunday 20th March. Spring will last until June 21st 2022. Lots of fun things happen during the spring season. Springtime flowers begin to bloom, days start to get longer, the temperature start to rise. As the weather gets brighter and warmer, Brambles Pre-school supplies legionnaires hats for all children and Factor 50 sun cream. Therefore, you do not need to provide either (unless your child is allergic to Nivea), but please do arrive with suncream already on at drop off and staff will apply more over lunchtime.

Sincerely, Brambles Team

Week 25 - 14-18th Mar
Homes

Week 26 - 21-25th Mar
Mini Beasts

Home Learning: You could create your own homes for your toys at home, using old cereal boxes and items from the recycling - we would love to see if you do.

Learning Goals:

Topic: 'Winter' Main Text: Come Home with us! By Child's Play Oxfam

Learning goals this week were to learn about different types of homes around the world along with animal homes. We also learnt that animal homes have different names just like human homes. Homes can be made from so many different materials. We went for a walk around the village and looked at all the different types of houses. We also used photos of our own houses and applied them to wooden blocks and used them in our small world play area.
